In many homes depression, blood pressure, worries and many other health related anomalies and relationship deficiencies are traceable to lack of money, mounting bills and debts. However, irrespective of the situation on ground, God can bless your family economy as He did for Israel in the wilderness, and for the widow of Sarepta in years of drought, and for Isaac who planted and reap hundred fold despite the famine in the environment where he was, and for Jesus and His disciples through the mouth of fish, among many others. To survive years of general financial and economy woes, the following are important:

I. Be Contented with little or much God has blessed you with.
